

CelebrateRecovery®

Developed primarily for those whose lives have been affected by a loved one's hurts, habits, and hangups, Life's Healing Choices is a small group that can help you discover a support system of others who are seeking to find freedom and recovery.

Together, you'll develop healthy habits that will help you guard your heart and behavior, regardless of the trials you face. You'll build strong relationships with others who will support and encourage you as you work through tough issues. And you'll find real answers, real hope, and a real future – one healing choice at a time. Separate groups are offered for men and women.
